Investor presentation

A full service climate change business

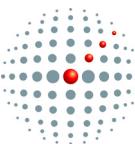

Jeff Kenna, CEO

Scott McGregor, CFO

Keith Regan, IR

July 2008

Disclaimer

These presentation materials (the "Presentation Materials") are being solely issued to and directed at (a) persons having professional experience in matters relating to investments and who are investment professionals as specified in Article 19(5) of the Financial Services and Markets Act 2000 (Financial Promotion) Order 2005 (the "Financial Promotions Order"), and (b) persons certified as sophisticated investors within the meaning of Article 50 of the Financial Promotions Order but (for the avoidance of doubt) not those who are self-certified within the meaning of the Financial Promotions Order.

This document is exempt from the general restriction on the communication of invitations or inducements to enter into investment activity and has therefore not been approved by an authorised person as would otherwise be required by section 21 of the Financial Services and Markets Act 2000. Any investment to which this document relates is available to (and any investment activity to which it relates will be engaged with) only those persons described in (a) or (b) above. Persons who do not fall within the above categories of investor should not take any action upon this document, but should return it immediately to KBC Peel Hunt Ltd, Corporate Finance department, 111 Old Broad Street, London, EC2N 1PH.

It is a condition of your receiving this document that (i) you fall within, and you warrant to Camco International Limited (the "Company") and KBC Peel Hunt Ltd ("KBC Peel Hunt") that you fall within, one of the categories of person described in (a) or (b) above and (ii) if you fall within category (b) above, it is a condition of your receiving this document that (A) you are a person who has a current sophisticated investor certificate, signed by an authorised person and dated no earlier than 36 months preceding the date of receipt of this document, confirming that, in the opinion of such person, you are sufficiently knowledgeable to understand the risks associated with an investment in an AIM quoted company and (B) that within the last 12 months you have signed a statement in the terms set out in Article 50(1)(b) of the Financial Promotions Order.

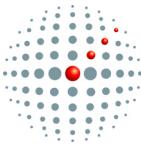

The Presentation Materials do not constitute or form any part of any offer or invitation to sell or issue or purchase or subscribe for any shares in the Company nor shall they or any part of them, or the fact of their distribution, form the basis of, or be relied on in connection with, any contract with the Company relating to any securities. The Presentation Materials are not intended to be distributed or passed on, directly or indirectly, or to any other class of persons. They are being supplied to you solely for your information and may not be reproduced, forwarded to any other person or published, in whole or in part, for any other purpose.

No reliance may be placed for any purpose whatsoever on the information contained in this document or on its completeness. Any reliance on this communication could potentially expose you to a significant risk of losing all of the property invested by you or the incurring by you of additional liability. No representation or warranty, express or implied, is given by the Company, its directors or employees, or KBC Peel Hunt or their professional advisers as to the accuracy, fairness, sufficiency or completeness of the information, opinions or beliefs contained in this document. Save in the case of fraud, no liability is accepted for any loss, cost or damage suffered or incurred as a result of the reliance on such information, opinions or beliefs. Recipients of these Presentation Materials should conduct their own investigation, evaluation and analysis of the business, data and property described in this document.

If you are in any doubt about the investment to which these Presentation Materials relate, you should consult a person authorised by the Financial Services Authority who specialises in advising on securities of the kind described in this document. KBC Peel Hunt will not be responsible in respect of such matters to any other person for providing protections afforded to customers of KBC Peel Hunt or for providing advice in relation to those matters.

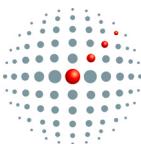

The information presented here is not an offer for sale within the United States of any shares or any other security of the Company. Any shares referred to herein have not been and will not be registered under the U.S. Securities Act of 1933, as amended, and may not be offered or sold in the United States absent registration under that Act or an available exemption from it. The distribution of this document in certain jurisdictions may be restricted by law and persons into whose possession this presentation comes should inform themselves about, and observe, any such restrictions.

Certain statements made in this presentation may not be based on historical information or facts and may be "forward-looking" statements, including those relating to the Company's general business plans and strategy, its future financial condition and growth prospects, and future developments in its industry and its competitive and regulatory environment. Actual results may differ materially from these forward-looking statements due to a number of factors, including future changes or developments in the Company's business, its competitive environment, information technology and political, economic, legal and social conditions affecting the Company.

 - Full range of carbon services (carbon credits / emission reduction, consulting and ventures)
- >€220m net cash flow to Camco
 - 151.0m tonnes in the contracted project portfolio, 127m expected delivery
 - 41.7m tonnes "in specie", plus cash share and VER value
- A high quality, mature, project portfolio
 - 43.2m tonnes registered (or equivalent)
 - An additional 30.2m tonnes is submitted for registration
 - 3.2m tonnes delivered to date
- Strong progress in the Consulting and Ventures businesses

We are building the world's leading climate change business

Taking value across the supply chain

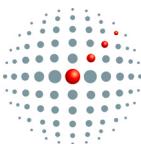

> €220m net cash flow into Camco

Carbon	Gross tonnes	Camco receives a share of recurring carbon credit revenues	Undelivered price = €12 Delivered price = €13.5	Risk factor 127/151	Gross cashflow (in total from 2007 to 2013)
Cash share	37.5m	10-20% commission	€1.67 / gross tonne	84%	€60m
Carbon share	105.4m	35-40% purchase	42m net @ > €6-7 / tonne	84%	€230m
VERs	8.2m	100% purchase	c€1-2 / gross tonne	84%	€10m
less operating costs					-€65m
Carbon only					-€65m

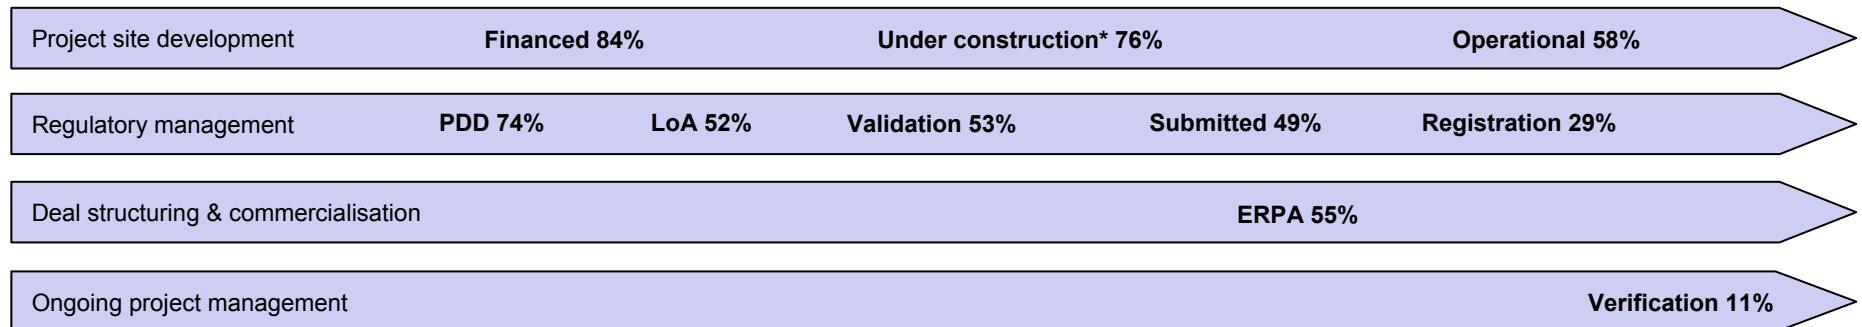

Additional value in the integrated business

New carbon growth	Additional volume from growth, North America, and new sectors	+€m
Consultancy	Contributes to Group margin but adds additional value through synergies	+€m
Ventures	Several new business areas expected to contribute value	+€m
		> €220m

A mature contracted portfolio

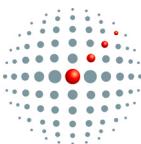

Carbon asset project site development, qualification, commercialisation and management

Progress through stage* (cumulative):	30 June 08	31 Dec 07	Progress through stage* (cumulative):	30 June 08	31 Dec 07
Contracted	151.0m	149.3m	Financed	127.1m	126.8m
PDD complete	111.2m	107.0m	Under construction	114.7m	98.6m
Host LoA	79.1m	88.8m	Operational	87.0m	45.3m
Validated	79.5m	56.6m			
Submitted for registration	73.4m	41.8m	Commercial		
Registered	43.2m	30.2m	Sell-side ERPA	82.4m	69.7m
1st verification**	16.2m	12.3m			
Issued / verified	3.2m	2.7m			

* For this cumulative presentation, “under construction” includes under construction, constructed and operational

** Verification represents the percentage of tonnes expected to be delivered from projects that have been through one verification process

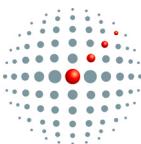

High quality carbon managed by our teams on the ground

Point Carbon Awards 2007 & 2008
Best Project Developer

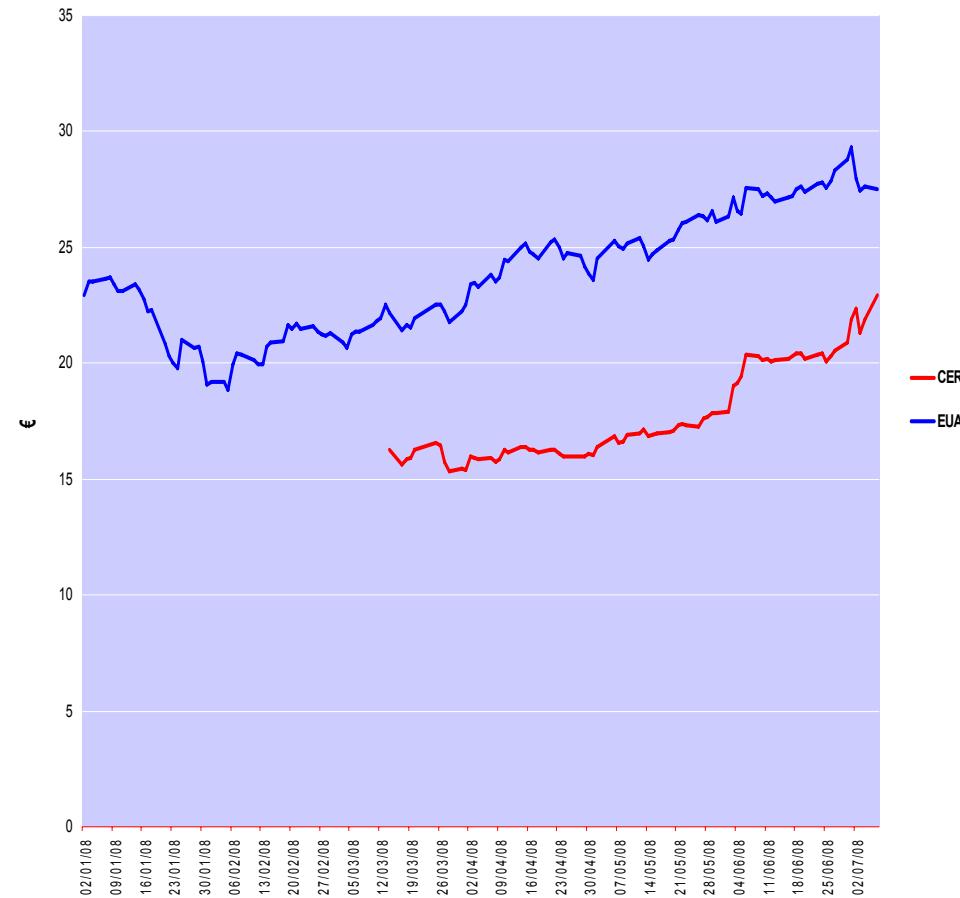

- A global team, locally based to closely manage our projects
- High quality projects – large average project size
- Sell-side strategy – aligns Camco with our clients; long term relationships
- Technical resource – highly skilled staff

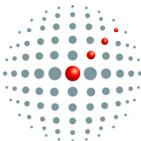

Addressing recent issues in the carbon markets

Potential risk	Camco's position
<ul style="list-style-type: none">• Registration and issuance risk	<ul style="list-style-type: none">• Camco develops large, high quality projects• Each project is carefully managed• Our team is “on the ground”
<ul style="list-style-type: none">• “DOE” availability / bottlenecks	<ul style="list-style-type: none">• “Preferred service” contracts in place
<ul style="list-style-type: none">• “Guaranteed” delivery risk	<ul style="list-style-type: none">• Camco has not sold credits forward on a “guaranteed” basis
<ul style="list-style-type: none">• EU position on use of carbon credits post 2012	<ul style="list-style-type: none">• A negotiating stance to bring China and India into a global deal

Carbon price performance in 2008

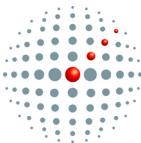

Source: European Climate Exchange

Performance update – Consulting

- Revenue growth 2007 > 40%, with increasing profitability expected
- Strategy is leverage and move to a seamless carbon partnership service offering
- Actual synergies delivered this year
 - Entry into the USA – footprinting for North West Power, Florida Crystal, Net jets, Tudor
 - Daxu stoves carbon credits
 - VER projects in Africa
 - Project development in South Africa
 - Resources to support carbon asset work
 - Earth Carbon land use credits
- Policy and Strategy Unit established

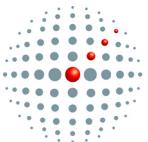

Performance update – Camco Ventures

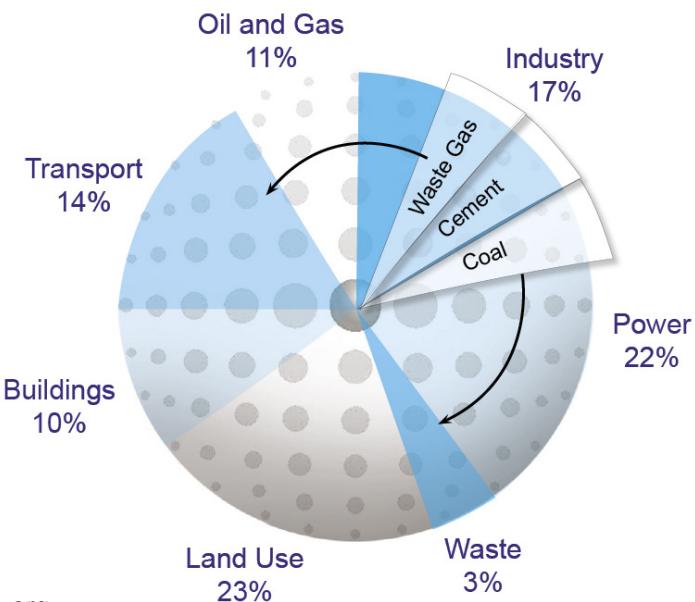

- Climate Leaders asset management vehicle – McCommas
- Plan Vivo Land Use VERs – 1st 40,000 tonnes from Mexico to be placed. 6 projects (China, Malawi, 2 Kenya, Rwanda, Tanzania)
- EPES – Buildings Certification.
- GEEREF investment fund for East Africa – proposal submitted
- Bradshaw Energy Desktop software – planned for roll out in China and North America
- Refuel – Negotiations for production in China
- Growth plans are in 3 areas
 - Project development unit – capture synergies
 - Launch of new Camco services
 - Technology investment partnership with VCs

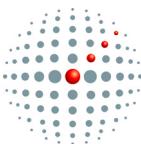

Our strategy and 2008 activity

- Leadership
 - We are managing one of the world's largest portfolios
 - Grow the portfolio: sectors, technologies, regions & synergies
 - Monitor the market for acquisition targets
 - Portfolio strategy
 - Carbon partnership
 - Survey, training
- Leverage
- M&A
- Commercialisation
- Integrated offering
- Staff retention

Our strategy and 2008 activity by region

<p>China</p> <ul style="list-style-type: none">• Commercialisation of in specie credits in 2008• Carbon partnership contract• Land use credits• Progress portfolio• Asset management	<p>Russia</p> <ul style="list-style-type: none">• Carbon partnership with Evraz• Progress portfolio & register with Russian government• First sales of JI credits (ERUs)
<p>North America</p> <ul style="list-style-type: none">• 100m VERs by end 2010• Work with high emitters (leverage)• Transfer of McCommas Land Fill Project• Footprinting team• Asset management	<p>UK</p> <ul style="list-style-type: none">• 25% growth in consultancy• Exploit synergies, VER sales in UK; carbon foot printing, support development of carbon portfolio• New methodologies

Concluding remarks

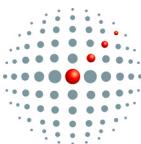

- We are building the world's leading climate change business
- >€220m cash flow to Camco from current contracted portfolio
- On track to move into profitability in 2008
- A mature project portfolio, well managed

- The market opportunity is significant
- Our strategy is to grow the core business, lock in margins and extract additional value from the acquired businesses

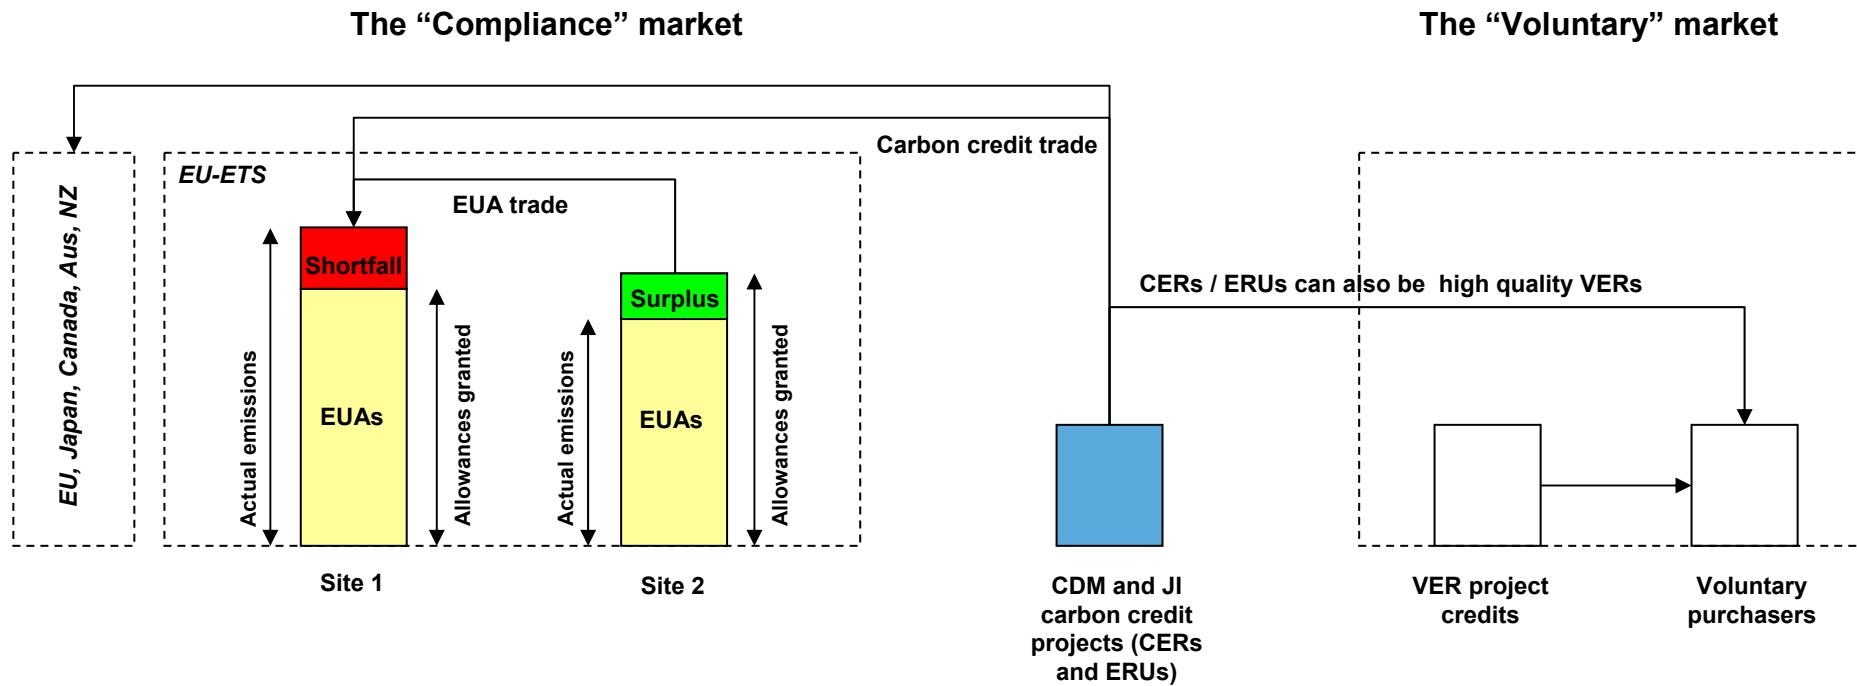

Thank you.

Questions

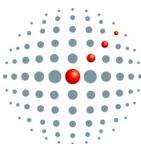

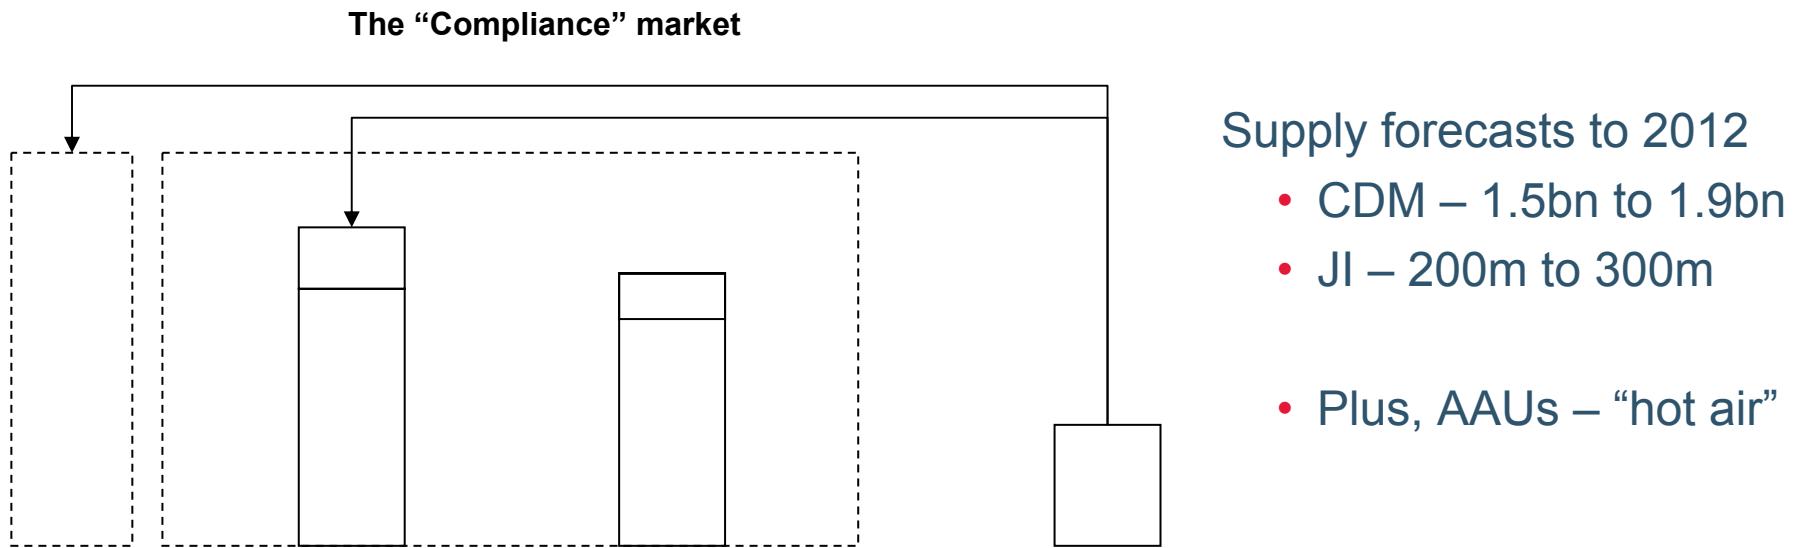

Appendix: How the carbon market works

- Compliance market established by Kyoto, and then the EU ETS
- EU allowance trading plus carbon credit trading
- Additional demand from EU governments, Japan, NZ, Australia and Canada
- The Voluntary market is separate

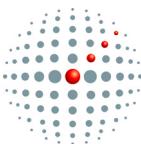

Appendix: Supply and demand to 2012

Demand forecast: total demand to 2012....

- EU-ETS: short c200m tonnes per annum
- EU governments: short c100m tonnes per annum
- Japan: c100m tonnes per annum
- Australia (from 2010): up to 50m per annum
- NZ: small level of demand
- Canada: considered unlikely to comply

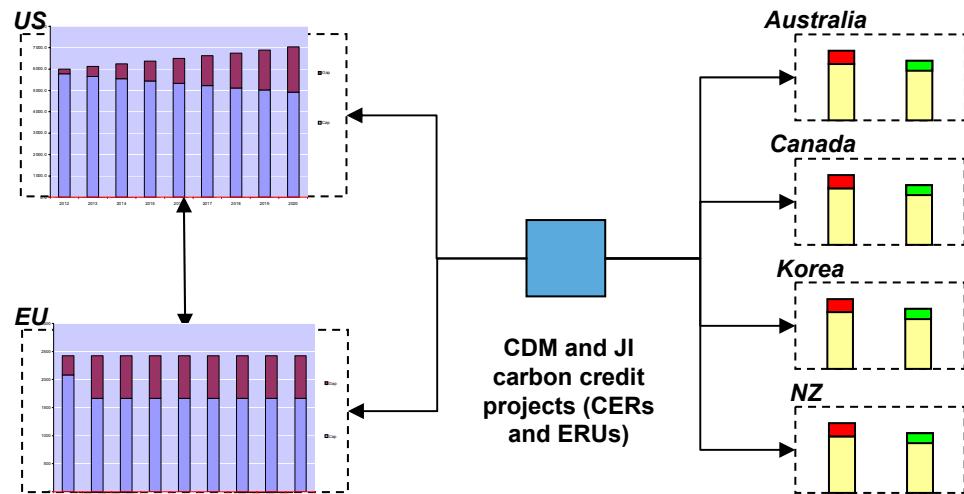

Data from various sources and Camco research

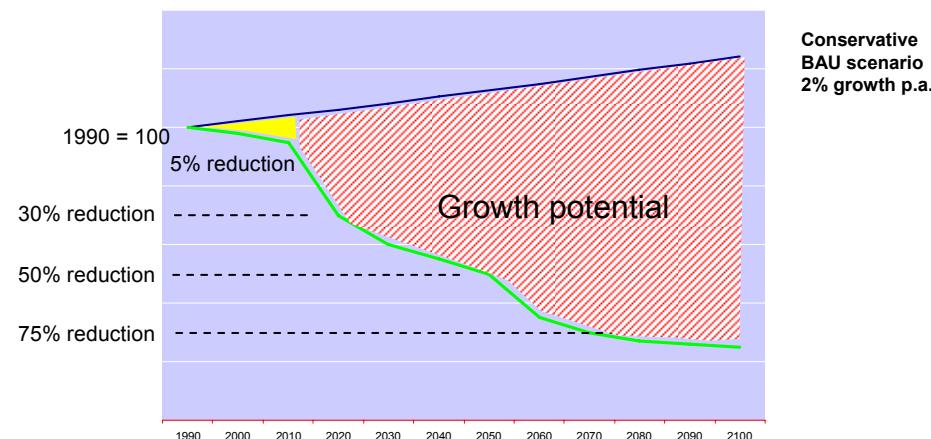

Appendix: The carbon market post 2012

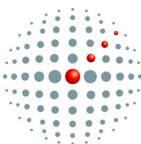

- US emissions are c5.8bn tonnes p.a. (EU = c2.4bn). 5% carbon credit allowance = 300m tonnes
- Proposed US linkage to both EU ETS and international carbon credit markets (LW bill)
- EU position on carbon credit usage under discussion... the EU Commission and EU Parliament positions differ
- Several regional / national cap and trade systems propose links through bilateral arrangements or a global carbon credit market
- Longer term, deep cuts in emissions are required

A larger, global compliance market

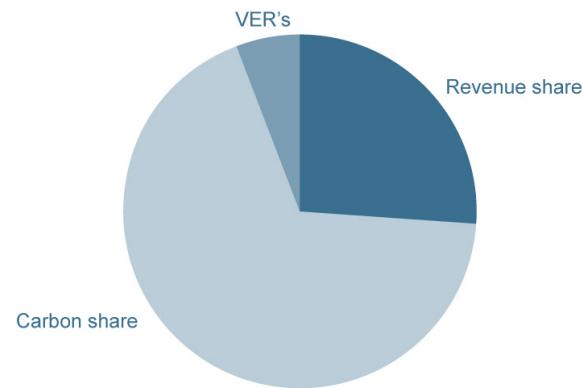

Longer term, deep cuts are required

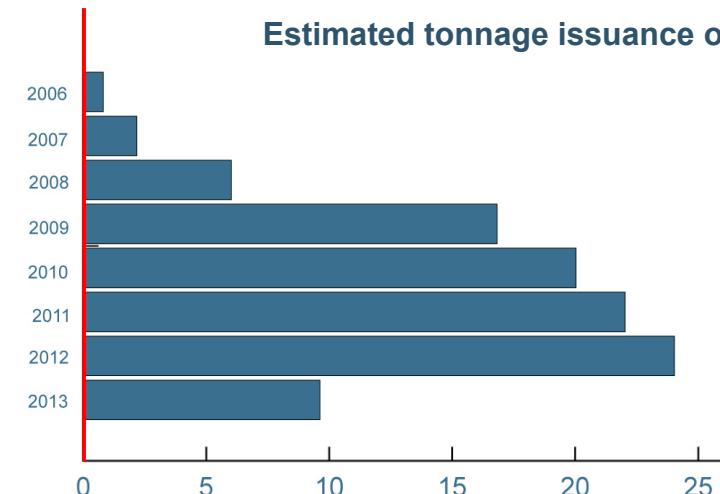

Appendix: Carbon portfolio information

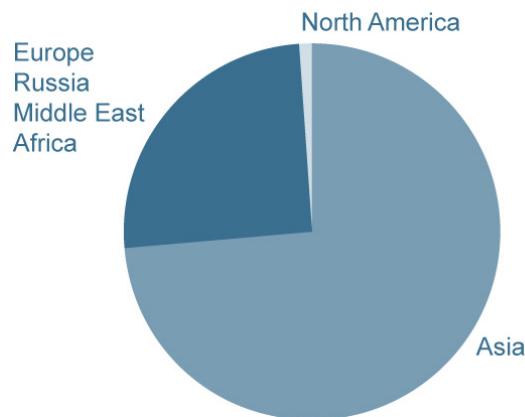

Commercial contract structure

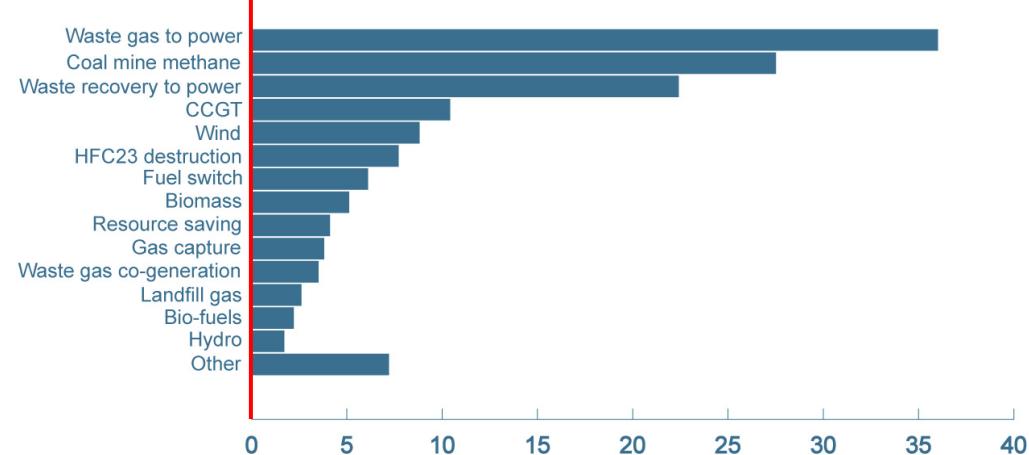

Estimated tonnage issuance over time, %

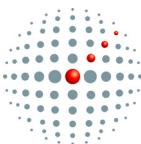

Project portfolio by region

Project portfolio by technology type, m tonnes

All data as at 31 Dec 2007 year end
